4. Requests for additional residential parking permits beyond the maximum allowed under this neighborhood permit parking district program shall be considered on a case by case basis. Parking utilization, property location, and access to off-street parking spaces may be factors when considering requests for additional permits. The annual fee for an additional residential permit is \$100.

G. Renewal Process:

1. Homeowners and renters are required to renew their permits annually during the month of December. If the property is sold or lease agreement not renewed, the permit holder shall surrender all permits back to the City within 72 hours of sale of property or lease termination.
